

Publicity Permission

On occasion, Little Angels Learning Academy would like to photograph and videotape our program's activities for documentation purposes, student assessment and portfolio data, and/or use in advertising publications. At times, television, newspaper, or radio stations also visit Little Angels Learning Academy. They do interest stories on positive aspects of child development and behavior. They often request permission to use our Academy as a backdrop and on occasion interview the children. We make every effort to let parents know when their children may have their moment of fame!

I give my permission for my child, _____, to be photographed or interviewed while attending Little Angels Learning Academy.
